SELWYN COLLEGE

CHORAL PROGRAMME

All Saints' Church and Selwyn College have a significant and long-standing relationship - All Saints' is a parish church as well as serving as the Selwyn College chapel. Selwyn College Choral Scholars receive an excellent musical formation in the Anglican choral tradition within the historic All Saints' Church.

Choral Scholarships

The primary role of Choral Scholars is to regularly lead musical liturgy at Sunday services at All Saints' Church. This will include a wide range of choral music styles and will be catered to the skills of the scholars. Additionally, Choral Scholars will perform at special church services (including Holy Week), as well as Selwyn College services throughout the year.

The other key role of the Choral Scholars is to compete as a choir in inter-college competitions with College House and Knox College. This is a great way to serve the Selwyn College community in an integrated and meaningful way.

Choral Scholars are remunerated \$1,600 toward accommodation fees. In addition to remuneration, Choral Scholars receive a high-quality music education. This includes singing technique, music theory, sight-reading, ensemble singing skills, and general musicianship. Former Choral Scholars have used skills gained here to become actively involved in the local and national music community.

Organ Scholarship

The role of the Selwyn College Organ Scholar is to play the organ at All Saints' Church for Selwyn College services, and to serve as a rehearsal pianist/accompanist for the Selwyn choir. No prior experience playing the organ is required. Piano/keyboard experience is all that is needed. To upskill in playing the organ, you will be tutored by the Director of Music and optionally the All Saints' Organ Master.

Selwyn College services involve playing an introit, accompanying the choir for an anthem, and lead the students for hymns. You will also need to attend some choir rehearsals in the lead up to competitions with Knox College and College House, and may be required to act as an accompanist in these competitions.

The Organ Scholar is remunerated \$1,600 toward accommodation fees.

If you wish to express an interest in applying for the programme, or if you have any questions, please contact the Director of Music. Further detail will then be provided as to the application process.

**Applications for both scholarships will be received and considered
any time before Monday 31 January 2022.**
